6. (Unclassified - GLC) LIAISON Called Scott Cohen, Executive Assistant to Senator Charles Percy (R., Ill.), and alerted him to the package we sent to the Senator which includes a letter from the Director to Senator John McClellan (D., Ark.) expressing the Director's concern over the Senate Select Committee's proposed release of their "assassination report." Cohen said he would be sure the Senator sees the letter. I told Cohen the Director was having a press conference at the moment to explain the reasons why names of employees should be deleted from this report. Cohen suggested we get a transcript of that press conference printed up as soon as possible and get it to the members of the Senate. He said that way the members would have the whole story instead of just what the reporters want to put out.

15. [ ] HEARINGS At the request of Mr. Cary, I returned the call of George Ashworth, on the staff of the Senate Foreign Relations Committee, who asked for a status report on the follow-up answers to questions of record at a hearing by the Committee on 29 July 1975. I told Mr. Ashworth that it was our impression that we had supplied answers to all the questions and indicated briefly how he could check. He returned my call a few minutes later and stated that he had found our answers and that they were done in a splendid fashion and apologized for not having come across them previously. He said the compartmentation in their office was the root of the problem.

[REDACTED] LIAISON Called Ralph Preston, House Appropriations Committee staff, and told him that I had talked with the Director and that while the urgency seems to have passed in connection with the conference coming up, I thought there were some other things from the standpoint of reserve expenditures that Chairman George Mahon (D., Texas) indicated he wants to know about. I said I had urged the Director to get with the Chairman today. Preston said today is a bad day for the Chairman and asked about tomorrow. I mentioned to Preston that Alan Romberg, on the staff of Representative David Obey (D., Wis.), has asked that we give Mr. Obey a general briefing on compartmented material.
